**Catawba Brandy.**  
THIS LIQUOR HAS FOR SEVERAL YEARS PAST  
been manufactured from the *PURE JUICE* of the  
American Catawba Grape,

And has obtained a rare popularity in the West and South, where great quantities are sold for medicinal and family purposes. It excels the choicest imported Brandy in

**Purity, Quality and Richness of Flavor,**

And wherever it has been introduced it has invariably met the most unqualified favor and extended sales.

The want of really

**Pure Brandy**  
Has long been felt in this country, and the opportunity  
of procuring an article of such quality as to supersede  
the sale of the vile mixtures so often sold under the  
name of **BRANDY**, can only be regarded as a public  
benefit.

**The Catawba Brandy**  
Possesses all the choicest qualities of the best imported

Liquor, and is shown to be perfectly pure and of fine flavor.

The NEW YORK LIFE INSURANCE COMPANY has been in operation seventeen years, and has accumulated a capital of \$2,281,000. Its dividends have averaged more than 30 per cent on the premiums paid, and it has paid out more than \$1,000,000 in claims. It has deposited with the Comptroller of New York State as an evidence of good faith to secure Policyholders' money, the sum of \$1,000,000. Its officers are of the very first and reliable names. The affairs of the Company show a lively prosperity, and each successive year, the growth of the business is more and more rapid. Over Hundred Thousands of Dollars, are added to their Capital the like amount.

In accordance with the provisions of the charter, the Company are authorized to invest in stocks created by or under the laws of the State of New York, or in

**TEN YEAR PLAN—NON-FORFEITURE**—Original and the National Life Insurance Company's table, which this line of policies is based, it would seem that a person living no risk in taking out a policy. Assuming to-day for example, the death to occur at age 70, the policy would be paid out at age 70, and if he lives ten years, and makes ten annual payments, his policy is paid up, nothing more to pay, and he can then continue to live on the policy as a source of income to him while living. The practical argument of weight offered against life insurance is that if a person is not able to pay for his policy then by inadvertence, inability, etc., not be able to continue paying, and then lose all he has paid. The

divvies this objection by the Ten Year Plan and Non-Foreclosure. A party by this table, cannot forget what has been said by one of the speakers. The plan for \$500 dividends after the second year; the company will give him a paid-up policy, according to the number of years he has lived.

Second year,	one-tenth of amount insured	\$1,000
Third	three-tenths	3,000
Fourth	four-tenths of \$5,000 insured	2,000
Fifth	five-tenths	\$5,000

Each person to the tenth payment, when all is paid and the dividends continue.
